# Photo Paper.

## Choose The Right Kind Of Paper

### Photo Paper. Lustre Finish.

Featuring a true photographic resin coated base paper  
made from pulp of an unsurpassed quality.

### Photo Paper. Lustre Finish + UV coating

The applied UV coating is shiny.

### Glossy Photo Paper.

Creates quality, colorful prints, photorealistic image  
reproduction. Stunning quality for a lifetime of  
memories.

### Matte Photo Paper.

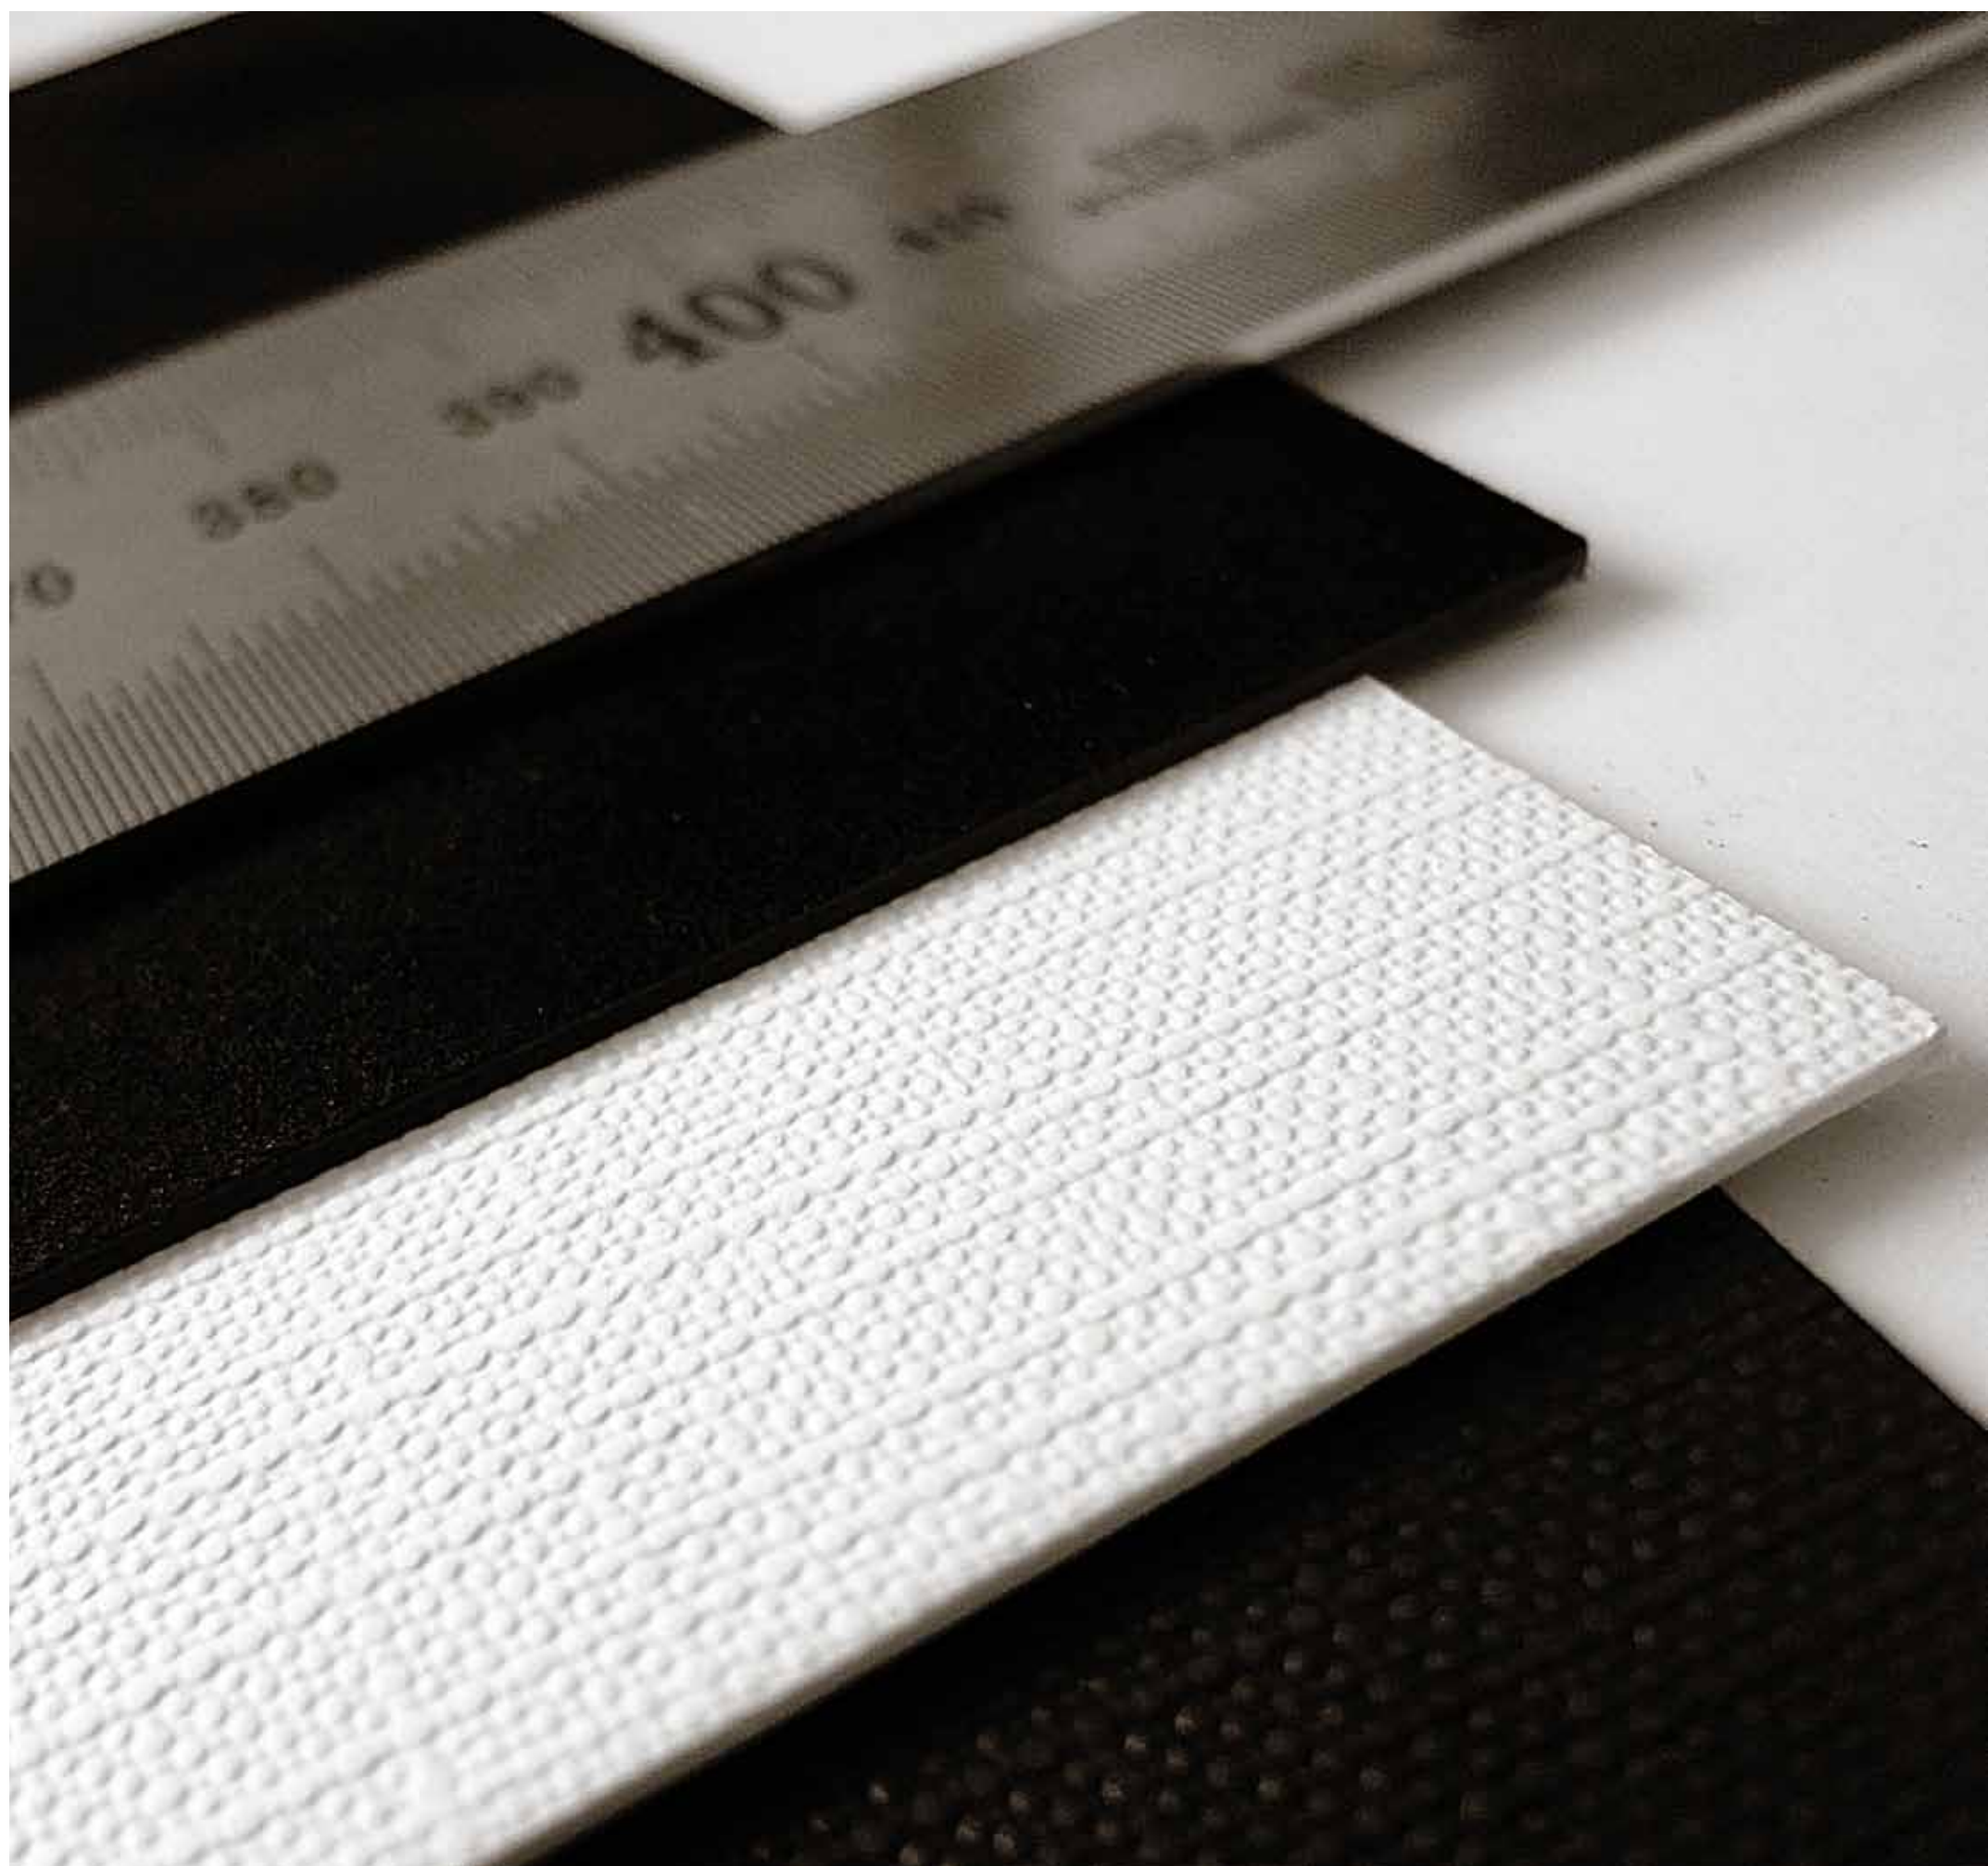

Unique matte surface provides elegant color  
reproduction with subtlety and warmth.

### Silk Photo Paper.

Gives a linen-like texture and a vintage feel to the  
image.

### Pearl Photo Paper.

Pearl-like crystals give silver halide color prints  
a specific luster, creating a distinctive pearl-like  
appearance.

# End Paper.

It's all in the details.

Both folded sheets of heavy paper have one half pasted to the inside front or back cover of a book and the other half pasted to the base of the first or last page.
